

Eight questions, two minutes, before you spend a month on it.

Every line is a yes or a no. Count the yeses at the end. Nothing here is a quote: every deal is priced after valuation, legal review and due diligence.

1	Real estate behind it? A UAE property stands behind the deal. The asset is what carries it.	☐
2	Located in the UAE? The property sits in Dubai, Abu Dhabi or elsewhere in the Emirates.	☐
3	From AED 1M? The capital needed is one million dirhams or more.	☐
4	Inside 70 per cent? No more than 70% of value, leaving a cushion of at least 30% in the asset.	☐
5	Short-term need? Resolvable within about twelve months, at term end, resale or refinancing.	☐
6	Stuck on structure? It stalled on valuation, residency, off-plan or timing, not on the asset.	☐
7	Clear exit? A defined repayment path: resale, refinancing or completion.	☐
8	Ready to move? The decision-maker is engaged and the property documents exist.	☐

WHAT THE COUNT MEANS

4 to 6. Worth a conversation: send it and NEMAX reviews the structure.

3 or fewer. Not a fit for co-financing this time.
